A game born of cross-media action adventure, where the values of “choice, freedom, and freedom” are reflected in the story and gameplay. In the game, you can freely combine weapons, armor, and magic. Furthermore, you can freely control the development of your character. This enables every player to establish their own way of playing. **GAME INFORMATION**
Story During a youth filled with promise, a sadistic wizard cast a horrifying curse upon you and your friends, causing you to age one year for every two years. The curse also gave you a thirst for knowledge, but in exchange, you were cursed to be reborn as a terrifying half-human half-elden knight. Trapped in the Lands Between, you must recruit six other adventurers and use your skills and your comrades’ to battle against the most powerful evil in the world, the Tarnished King. **GAME DETAIL**
Battle System The battle system is based on the RNG (random number generator) system, which puts a high emphasis on the player’s ability to control the battle. It is a system based on positioning battles. In RNG battles, an effect caused by the battle of the game is caused by the actions of your comrades. You can freely cooperate with your comrades, and even lead an attack on your own. RNG battles adjust by using a mix of random numbers. If you perform well, the battle of the game becomes more exciting. On the other hand, if you perform poorly, the game becomes more challenging. **GAME MECHANICS ABOUT**

EXECUTIVE SUMMARY

KICKSTARTER SUPPORTERS FIND THE OTHER KEY OF THE ELDEN RING

INVENTOR INTERNATIONAL INC and En-Game are delighted to announce that they have found the other six keys of the prototype of the Elden Ring, an original fantasy action RPG that will be launched on Kickstarter on November 8, 2013. This action RPG adventure will allow players to create their own unique heroes,

defeat great beasts, monsters, heroes, and mythical beings to complete quests, and take part in the epic, multilayered story that will continue to expand. Players will play as the main character who takes on the missions assigned to him.

This key is unlocked via a special encrypted email sent only to certain Kickstarter Supporter Keys. It will be awarded to the person who provided the information that

"Tarnished has a fantasy RPG with [a] great sense of challenge. Sometimes it's hard to know whether to run or to walk. There's a reward for either choice and some puzzles have multiple solutions. There's a lot to play with, enough to keep you reading something other than the game for days. -- Michael R. Schweder, Gamezebo "There are multiple paths and choices to pursue, and the system will reward you if you stick to your guns. There are only a few puzzles where you have to devote some time to thinking rather than pressing buttons, but there's no lack of puzzle in the action." -- Vlad Lashinsky, Cellaria Games [Tarnished's] story and characters are very entertaining and the setting is beautiful, although it takes a little while to get the hang of combat. I was particularly impressed by the battle system's more seamless version of the idea of "fighting enemies for experience." For instance, you can bring down a big boss by beating up a few of the smaller monsters nearby, then fighting the boss as if they were just normal enemies. While this can feel a little awkward, it's part of the game's character. -- Bolo Zuyong, The Co-Optimus GAME FEATURES • A Vast World By exploring the entirety of the Lands Between, you'll enjoy a broad variety of environments while feeling immersed in a world filled with risk and mystery. • A Variety of Missions By participating in missions scattered throughout the Lands Between, you'll receive quest materials, which you can then use to further your quest and strengthen the bonds among the two main characters in the game. • The Champion's Battle A battle in which you have to defeat a fierce opponent in order to enjoy a greater sense of power. As you lead your army in a battle against thousands of enemies, you'll encounter different types of hero classes as well as chaotic strong enemies. • Adventure Craft: Equipment, Battle Magic, and Equipment-Type Magic Adventure craft provides a different and fun game experience, as you can freely craft the weapons, armor, and magic items that you can equip. By discovering various equipment-type magic, you can increase the strength of your equipment-type magic. • Various Items There are various items to equip on your adventurer. When you equip items, you can freely change the feel of your character. It will also provide various benefits based on the equipment you equip. bff6bb2d33

Fun In The WORLD 2E A German indie-RPG developer team debuted their first game last year with their first game, FUN IN THE WORLD, and they are creating a second game with nearly the same premise. The game world will be simply named, The World, and the story focuses on a boy named Yo named Yo, a high school student who is killed in an accident, after a day that changed his life forever. "So, Yo wakes up one day and finds himself in a place he has never seen before with people he has never met before. He finds a key and some money on him and starts to go around the world in a search of someone who can tell him who he is and why he is there." The game will be released with a fully voiced story and is a 2D JRPG with full 3D animations, and the graphics and animations are very appealing. The game will be available on March 2nd, 2017, and the English language release is produced by Cave Story Game, the same company that created the first game, FUN IN THE WORLD. Fun In The World 2E - High Quality Gameplay Trailer: L.E.F. - The Patchman Simulator L.E.F. - The Patchman Simulator is a viral based simulation game by the guys who made Carts: A Virus-Based Survival Game. The game is an asymmetric multiplayer game played online in a virtual world, where one player controls the Patchman, the hero, and another player controls the Vagrant, an angry mob of enemies in a large abandoned city. Each player has to manage the resources of his character, as well as build new items, perfect the techniques of the Patchman's skills to survive, avoid the angry mobs, and build effective protection for his house and city. As there's no place to retreat in the abandoned city, the Patchman has to constantly prepare his home to avoid the attacks of the Vagrant. If the Patchman dies, the game ends.
