Kopy.io is Addition Media's Kopy is an easy and free service that will let you copy and paste local and online media to your computer. Kopy clones everything, including video and audio, from a PDF file, iTunes playlist, TV show archive, and even Stack Overflow questions. How to remove (uninstall) qaro manual download Our hosting service automatically scans submitted files for viruses before they are uploaded to our system. Any files with a virus will be automatically quarantined, and will be available for download by an authorized system administrator. If your file is malicious or unsafe, you cannot access or download it until it has been removed from our servers. Further, automatic detection of viruses helps keep Addition Media's servers safe and free from malicious software. If you are the authorized administrator of this software and would like to remove it, please visit your Control Panel and check the box that says "Remove this program". Alternatively, you can remove from your hard drive by clicking the "Uninstall", "Change" or "Remove" button at the end of the addition online support window.. Download full version Installation License Agreement The software is licensed, not sold. The software is licensed to you by Addition Media Computing, LLC, dba Addition Media or another vendor designated by Addition Media. All such parties are referred to here as Addition Media. This agreement is governed by the laws of the State of California and the United States of America. Your use of the software indicates that you agree to these terms. If you do not agree to these terms, you may not use the software. Licensing Restrictions You may: (a) Use the software in compliance with the terms of this agreement (including its license restrictions) and on the basis of your personal use; (b) Make one printed copy or make one printed and one electronic copy of the software on your own hardware for backup or archiving purposes; (c) For non-commercial use only, you may also make one printed copy or one printed and one electronic copy of the software on your own hardware for personal use, subject to the license restrictions in section 15. Disclaimer of Warranty The software and related media are provided on an "as is" basis.
